MACDONALD WINS TROPHY

Covered Ten Miles in 6:15 and
Established New Record.
Other Events.

(By Associated Press.)
ORMOND, FLA., Jan. 31.—The greatest automobile meeting ever held in this country so far as smashing records is concerned, closed here this afternoon.
The last performance was the running of a mile in 32.4 seconds by H. L. Bowden in his twin sixty horse-power car. He took a good flying start, and as he tripped the wire of the automatic timing machine, the crowd expected a new world's record, for the car was going faster than the speed of a hurricane. Unfortunately the kilometer time was not caught on the automatic, but several watches gave it as 20.4 seconds, the world's record being 21.25.
Young MacDonald also tried for a world's kilometer and better mile record, but certain parts of his engine became strained. He made the attempt, however, making the kilometer in 25.5. The automatic failed on the mile which was not taken. It would not have been a record.

Again Smashed.
The ten mile record was again smashed to-day. It was in the finals of the Ormond derby, for the Major Miller trophy. Young MacDonald, who won the trophy, covered the ten miles in 6:15. The record before this meet was 6:50, made by W. K. Vanderbilt here last year. Last week Mr. Thomas triumphed in the Ormond derby, finishing in 6:18.14, beating his own time record of a few days ago.
The first race to-day was the fifty mile Daytona handicap. The race was won by Mr. Vanderbilt in 1:51.3. Vanderbilt's car, handicap 4:50, elapsed time, 43:20; net time, 48:20, beating the world's record of 49:19.25, made by W. K. Vanderbilt last year. Frederick's car, handicap 4:50, elapsed time, 43:20; net time, 48:20. The best time was made by W. K. Vanderbilt in 43:20. Thomas's eighty horse-power, in 35:51. He did not win the race, being scratched. His time, however, established a new record for fifty miles.
The second event was the twenty mile race for the E. H. Thomas trophy. The result of the race was as follows: First, MacDonald, 15:23.25; second, Wallace, 15:54; third, Fletcher, 15:56.45; fourth, Sartori, 16:01.4th. Frederick's car, handicap 4:50, elapsed time, 43:20; net time, 48:20. Best previous time for twenty miles was made here last year in 17:02 by W. K. Vanderbilt.

Other Events.
The third event was the ten mile Ormond derby for the Major C. J. S. Miller cup, had three starters. MacDonald won, time, 6:15; Thomas, second, time, 6:18.14; Frederick's, third, time, 7:25.25.
MacDonald's time establishes a new ten mile record, beating Thomas's time of 6:14.45 made this week, when he beat Vanderbilt's record of 6:50 made here last year.
The last race of the day and meet was the ten mile handicap. The race was won by (Canute) net time, 50:23.5; Roberts, second, net time, 53:1.5; Thomas, third, time, 5:21.25; Frederick's, fourth, time, 7:16.15; Wallace, fifth, time, 6:52.15; Fletcher, sixth, time, 6:52.45.

MacDonald's machinery went wrong soon after the start and he dropped out of the race. The prizes were to be some final trials to-morrow morning.

SOUNDS DEATH KNEEL OF RACING IN TENNESSEE

(By Associated Press.)
NASHVILLE, TENN., Jan. 31.—The State senate today passed the bill prohibiting betting at race tracks in this State. Should the measure pass the lower House, it will put a stop to racing in Tennessee.

HAS NO PINK COAT.

Justice John Announces He'll
Not Attend.

Justice John formally announced from the bench on yesterday that he would not attend the much-talked-of pink coat dinner.
It is said by his intimates that Chief Justice refused to extend to his Honor the courtesies of a red dressman's shirt, and that this discourtesy left the Mighty Dispenser high and dry in the matter of red tags.

Pearlie Williams (colored), her baby and an outraged wife came down like a black storm cloud upon the merry seat. Carrie Green played the part of the outraged wife most acceptably, especially in the emotional parts. She was somewhat lacking in vivacity.

Pearlie is young, while Carrie, alas has begun to resemble the sear and yellow leaf.

Willie Green, husband of the fading Carrie, indulging in a promenade with Pearlie, encountered his matrimonial "lie," and a general mix-up followed.

Willie gave Carrie a husbandly hit in the features which sent her to the sod. Pearlie then clapped in with a guttural, sending great patches of kinky hair to the wanton winds.

Pearlie resides at 7-11 Cran Street, an address full of startling significance.

The Honor continued the case so that a delegation from Jackson Ward might be able to testify.

Brandia Copper, as his name implies, was the real yellow social light. Brandia, being somewhat theatrically impetuous, wearied in waiting for a friend who drank entirely

of the shorts in a plate-glass resort. The door being fastened Brandia kicked in the crystal portal and snatched her brand from the burning. Ten bucks was the price of the rescue. "The life line" comes high.

Charlie Fritz, a thick lipped thing, with skin as black as Police Court sin, played tag with both fists with Mattie Mosby.

Mattie is a stalwart female, 5'6" tall, and "hook the count."

According to Charles, the tantes ensembles were engaged in a game of pool at

Moore's resort. Mattie, disgruntled at missing a five-ball combination, indulged in such a line of talk that the electric lights went hastily out. Charlie's reply was also vigorous and picturesque.

His Honor continued the case.

Sunday Liquor Selling.
The case of J. J. Vial, who is alleged to have sold liquor on Sunday, will be called in Police Court this morning. He is said to have sold liquor on Sunday, January 2d.

After dinner there will be dancing in

DINNER-DANCE.
Delightful Entertainment at the Westmoreland To-morrow Night.

The dinner-dance to be given to-morrow night at Westmoreland Club promises to be one of the most pleasant social events of the season.

Cards are limited to eighty, and these may only be had by members of the club who long ago secured them.

After dinner there will be dancing in

the large sun parlor adjoining the dining room.

Westmoreland Club entertainments are of national reputation, and the club-house is especially adapted for just such an old Virginia function as that of to-morrow night.

The following ladies will act as chaperones: Mrs. Willard, Mrs. Purcell, Mrs. Cameron, Mrs. Cabell, Mrs. Pleasants.

Thilow's orchestra will furnish the music for the occasion.

PROMINENT PEOPLE HERE
Their Presence Said Not to be Significant, However.

There were a great many prominent Democrats in the city last night, but by several of them it was said their presence was not of political significance.

Former Senator R. Walton Moore, of New Kent, is here on business, as is also Mr. A. O. Jordan, of Radford.

Robert Turnbull, of Brunswick, has been in the city for some time undergoing a surgical operation, which has been a most successful one.

Judge Asa D. Watkins, of Prince Edward, was passing through to another portion of the State, and Senator Bland Massie, of Nelson, came down on a matter of private business.

Former Senator Mantly H. Barnes, of Fairfax, was engaged with an important case in the Court of Appeals, and Hon.

also Mr. A. O. Jordan, of Radford.

The American National Bank has a plan which will help you to save. One dollar is enough to begin with and the American National will loan you free of all cost A HOME SAVINGS BANK.

"A thousand men win competency by quietly saving their money, where one gets rich by speculation."

Besides the Offer to Loan

Company of America, Inc., whereby the bank will accept their Rebate Checks for 25 cents as part of the first deposit of all acceptable persons. Thus, to those who hold Rebate Checks, 75 cents is all that is necessary to open a bank account for \$1, and the bank is as anxious for small accounts as it is for large ones. Interest will be paid on all savings accounts and no matter how small the account it will receive the most careful and painstaking attention. Money that is drawing interest is adding to itself every day and accumulative money is basis of all fortunes. The size of the first deposit is not as important as the resolution you form to commence saving. Great accumulations result from small beginnings just as surely as the oak grows from the acorn. Remember, it is what you save not what you earn that makes you independent. Nobody saves in large amounts. Do you possess that most valuable asset, "A balance at the bankers?" If not, why not? Now is your chance. The American National is at the corner of Tenth and Main.

Read and Reflect.

Seven million three hundred and five thousand four hundred and thirty-three men, women and children have on deposit in the Savings Banks of the United States, \$3,060,173,611, an average balance of \$418.81. A vast sum, is it not? And yet there is room for improvement, for while the United States leads the world in amount of savings deposits, four other nations lead this country in the number of savings depositors.

The German Empire, France, England and Japan, in the order named, placing the United States fifth in the list, so far as number is concerned, although first in amount of deposits.

The German Empire, with 60,000,000 people, has 24,809,714 Savings Bank Depositors, while Japan, with a population of 46,000,000, has 7,467,452 Savings Bank Depositors, leading the United States 162,019 depositors.

These figures are authentic, and were published in November, 1904, by the Bureau of Statistics of the Department of Commerce and Labor, and while they bear testimony to our great wealth, they also prove that but a small per cent. of our people have learned to save.

We could give you all sorts of illustrations of the vast benefits that are being derived every day all over the country from savings accounts, but just see by the following table what the habit of saving is doing for some parts of the country:

State.	Total Savings Deposits.	Number Depositors.	Average Amount Each Depositor.
Vermont	\$ 23,628,516	92,239	\$303 20
Maine	47,781,166	140,521	340 02
New Hampshire	65,757,019	159,782	411 35
Connecticut	116,406,675	305,951	380 47
Massachusetts	369,526,585	1,131,203	326 67
New York	1,131,285,943	2,365,583	482 45

You Keep the Little Bank.

The cut represents a Home Bank Safe, which the American National Bank has arranged to distribute among its customers and friends.

This private savings bank is loaned to you free of charge. One dollar of your account is held to insure the safe return of the bank, but remember, this dollar belongs to you, draws interest the same as your other deposits, and can be drawn by you at any time on the return of the bank.

The presence of this private Savings Bank in your home is equivalent to having a branch of our Savings Department always near you and always open. You can deposit money in it at any time and in any amount, and, once deposited, it must be brought to our Savings Department.

Money deposited in these Home Banks can only be taken out at our office, where the keys are kept. When brought to us the bank is opened, and the amount is counted in the presence of the depositor and placed to his credit in his pass book. Money left on deposit will draw interest, compounded semi-annually.

This is one of the best plans ever devised for encouraging economy and frugality in children, as money once placed in the Safe cannot be taken out except at our bank, and there it must be deposited. At the same time it gives a child valuable business experience, and the first lessons of economy are more easily learned if the savings are for some fixed or definite purpose.

**Remember That Money at Interest
Works for You Sundays, Holidays
and Twenty-Four Hours a Day.**

The Big Bank Keeps the Key.

Take one of these safes, make it an invariable rule to drop some amount, no matter how small it may be, into it every day, and you will be astonished and delighted at the close of the year to find how much you have accumulated.

Call and get one or more of them for yourself and children. They will help you to save money, and the use of them costs you nothing.

Depositors will please notice that any sums of money that they may not wish to deposit in the small bank safe, many be brought to the bank and will be entered on their pass books in amounts of \$1.00 and over, the same as on any other bank account.

These Home Bank Safes are delivered to customers locked, and can be opened for removal of deposits only at the office of the American National Bank.

We Want Your Savings Account.
